Cast on 49 sts

Work in lace pattern until rectangle is approximately 42 inches long. Cast off loosely. Fold the rectangle in half lengthwise (rectangle is now 21 inches long). Cut a piece of Opulence approximately 60 inches long. With the two long edges side by side, start at the bottom and lace the piece of Opulence through the first eyelet on each side as if you were lacing a shoe. When you are approximately 9 inches from the fold, start lacing to the bottom. Tie a double bow.

If you decide that you don't want to wear the garment as a poncho, remove the lacing and you have a stole.
